

Outpatient Therapist

Job Summary

Shiawassee Health & Wellness, an innovative Community Mental Health organization, is seeking a clinician to provide individual therapy services to adults who have a mental illness or co-occurring disorder, and who is interested in becoming trained to provide DBT therapy with the Shiawassee Health & Wellness DBT Team.

Responsibilities and Duties

Responsibilities include assessing and identifying treatment needs, developing service plans, providing solution focused therapy, treating co-occurring disorders, facilitating group therapy, providing DBT, crisis intervention and collaborating with service providers in the community.

Qualifications and Skills

Master's degree in social work (LLMSW, or LMSW) or related field, one year experience working with individuals with chronic mental illness, and two years' experience in a human services agency required. Experience with Motivational Interviewing, DBT, and community resources preferred.

Benefits

Excellent benefit package including paid holidays, generous Paid Time Off (PTO), health, dental, and vision Insurance, short and long term disability, life insurance, employer sponsored pension, and much more.

Send resume to Shiawassee Health & Wellness, Attn: HR-OPT, 1555 Industrial Drive, Owosso, MI 48867, Fax 989-723-0754, or email to jobs@shiabewell.org.
