

# Outpatient Therapist for Adults

## Job Summary

Shiawassee Health & Wellness, an innovative Community Mental Health organization, is seeking an experienced clinician to provide individual therapy services to adults who have a mental illness or co-occurring disorder. Therapy services are provided in a comfortable office Monday through Friday with a flexible schedule. The therapist is provided clinical support and supervision to manage scheduling, documentation, as well as clinical case consultation.

Responsibilities include assessing and identifying treatment needs, developing service plans, providing solution focused therapy, treating co-occurring disorders, and collaborating with service providers in the community via phone or telehealth. SHW also provides opportunities for training in DBT, facilitating group therapy, and crisis intervention.

## Qualifications and Skills

Seeking Master's of Social Work with requisite license (LMSW) with one year experience working with individuals with chronic mental illness, and two years' experience in a human services agency required. Experience with trauma, Motivational Interviewing, and DBT preferred.

## Benefits

Excellent benefit package including paid holidays, generous Paid Time Off (PTO), health, dental, and vision Insurance, short and long term disability, life insurance, employer sponsored pension, and much more. Ask about our corporate gym membership.

Send resume to Shiawassee Health & Wellness, Attn: HR-OPT, 1555 Industrial Drive, Owosso, MI 48867, Fax 989-723-0894, or email to [jobs@shiabewell.org](mailto:jobs@shiabewell.org).
